

Community Center Director Report – February 11, 2020

February marks the anniversary month of the opening of the BTCC and the beginning of its 15th year of operation. The extreme warm weather has definitely benefited attendance at the center for all our different programs and memberships. January marked our highest number of swipes by our Silver Sneaker program at approximately 5,000 over the course of the month.

Session I of our winter programming is wrapping up and will conclude the week of February 10th. I've highlighted some of our programming numbers below:

Swim Lessons – 218 children
Private/Semi-Private – 96 children
Aqua Exercise Classes – 144 participants
Tae Kwon Do Monthly Program – 41 children enrolled
Volleyball League – 12 teams
Basketball League – 16 teams

Session II winter programming for both land and water will begin the week of February 25th for individuals of all ages. Some of those programs include swim lessons, tennis, adult fitness and preschool aged programming. BTCC will also feature several family friendly special events the next few weeks. Some of those include:

- * **Kids Canvas Painting Workshop**
Saturday, February 29th – Leap Year Frog

- * **Camp Groundhog Registration**
Opens on Tuesday, March 17th

- * **“St. Patrick’s Day” – Senior Dance**
Saturday, March 21st – 6pm

- * **Easter Egg Hunt**
Friday, April 6th – 6pm

The BTCC offers a vast array of programs, events and activities for households and individuals of all ages to enjoy during these last several weeks of winter. A complete listing of available community center activities can be accessed from our comprehensive website; **bethlehtownship.org**.

Regardless of the season, it's never too early to begin thinking and planning for the summer! The summer 2020 season officially begins on Saturday, May 23rd when the outdoor pool opens. BTCC memberships include full access to the outdoor pool complex at no additional charge. More details will be found in our spring/summer 2020 brochure that will be in resident's mailboxes in mid-late March.
