

Community Center Director Report – September 12, 2018

We officially said “good bye” to summer with the closing of the outdoor pool on Monday, September 3rd. The BTCC now moves onto fall programming with many programs already started and the rest beginning the week of September 17th. A quick list of some of the popular fall offerings include; aerobics, karate, spinning, zumba, water exercise classes for young and old, swim lessons (both group and private), teen weight training, preschool soccer, craft classes, and a wide variety of Senior activities (including the popular Silver Sneakers Program).

The Township also hosted our first Community Days Celebration over the weekend of September 7th, 8th & 9th. Although the weather was not favorable for an outdoor event, causing us to cancel Sunday, many Township residents took advantage of the rides, music and food available Friday and Saturday to show their pride for Bethlehem Township.

BTCC will have several family friendly special events this fall. Some of those include:

Bus Trip to Hershey, PA

Thursday, October 18th – 8:30am-5pm

Trick or Treat Night

Friday, October 26th – 6pm-8pm

Veteran’s Day Celebration

Monday, November 12th – 11am – Veterans’ Memorial

A complete listing of all BTCC programs and events for the entire fall of 2018 can be found on our website: www.bethlehemtownship.org/btcc. The main office phone number is (610) 332-1900. The front desk staff is always available to answer any questions regarding all community center activity.
