PUBLIC WORKS DEPARTMENT MONTHLY REPORT – MAY 2019

The wet weather continued in May with the airport recording double the normal amount of rainfall for the month. With the wet weather, the grass was growing so we cut grass whenever it was not raining. The sweeper was out on the roads and the radial arm mower was cutting roadsides. During storm events our crews were checking and clearing drains throughout the township.

Some other tasks that our crew worked on was aeration of the softball and hardball fields prior to the turf contractor treating the area. The utility trench for the new portable restroom trailer at the North 40 complex was repaired, topsoiled and seeded. The dirt bike jump track down by the river was leveled and seeded.

Chetwyn Park was vandalized over the Memorial Day Weekend. Graffiti was painted on the pavilion, tables and play unit. We had a crew there cleaning and power washing the spray paint for a whole day.

The Yard Waste Recycle Center had a total of 1423 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
