PUBLIC WORKS DEPARTMENT MONTHLY REPORT – OCTOBER 2018

Grass cutting continued through the month. The radial arm mower made one last pass around the township this month. Leaf collection started with one machine going out in the middle of the month. We try to add one extra machine each week depending on the amount of leaves we are encountering.

We had a crew install the speed humps on Wilson Ave. The required warning signs were installed at the same time. Our traffic marking contractor painted striping at the humps shortly after they were constructed.

The sinkhole at Rhine Court was temporarily paved for the winter. This area will be monitored over the winter for any further settlement.

We had a crew out with our crack sealer to seal up many of the paving patches, sinkhole repairs that were made throughout the summer.

The Yard Waste Recycle Center had a total of 1241 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
