Melissa A. Shafer

PUBLIC WORKS DEPARTMENT MONTHLY REPORT –SEPTEMBER 2017

Our main work continued to be grass cutting as the very wet summer did not allow the grass to go dormant this year. We had a crew down along the tow path cutting back the brush. The radial arm mower was cutting along roadsides and the sweeper was still out early in the month. The sweeper was able to go over the township 2 times this summer.

Detention pond maintenance continued with cleaning out debris and filling and grading areas to repair ruts and gullies. The concrete wall for the out let of the Kings Crossing detention pond along Freemansburg Ave., was tagged with graffiti and our office received several complaints. We purchased a special solvent to apply and power washed the wall to remove most of the paint.

We continued our work with the D&L National Heritage Corridor along our Tow Path. Our crew installed benches and special trash cans to go along with the new signage and fence installed last month.

The Yard Waste Recycle Center had a total of 1216 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
