PUBLIC WORKS DEPARTMENT MONTHLY REPORT – SEPTEMBER 2018

In the beginning of the month we were busy preparing for Community Days. Since this was the first event of this kind we spent a lot of time trying to anticipate everything that could be needed during the event.

Normal work duties continued during the month. Grass cutting, Street sweeping, the Radial Arm mower was out cutting roadsides. During some of the rainy days we started to prepare the leaf machines for the upcoming season.

Our contractor was in to help us with milling and paving the road edge of Carter Road. Six feet of road was milled out along the farm field where the edge was deteriorating and the area was repaved.

Other miscellaneous work included repair of a storm sewer catch basin top on Miller Circle that had collapsed. We also had to repair a sinkhole at the intersection of Hodle and Bayard Streets.

The Yard Waste Recycle Center had a total of 1240 visits for the month.

Respectfully submitted,

Richard W. Grube
Chief of Public Works
