

## **Community Center Director Report – December 14, 2020**

Once again, the Community Center temporarily closed its doors on Friday, December 11<sup>th</sup> due to the COVID-19 pandemic. At that time, all programs and classes were canceled and continue to be canceled until at least January 4<sup>th</sup>. We will continue to update the opening date of the Community Center based on the governor's recommendations.

These are uncertain times for all of us and we are continuously adapting to the new normal we are living in. We have been doing our best to stay connected with our community and our members through social media, providing alternative activities and online fun. Some of our virtual classes will continue through the closure and we will look to add more should the closure extend beyond the three-week period.

At the time of the closure, the attendance within the facility was remaining steady, with the indoor pool being utilized nearly every lane, each hour. The fitness classes had been moved indoors and attendance was increasing as people became more comfortable.

As always, I am readily available to answer any specific questions you may have regarding the facility, memberships or upcoming programs/classes for the New Year.

Community Center Director  
Jackie Bittel
