

Community Center Director Report – January 12, 2021

After another state mandated shut down, the Community Center officially reopened on Monday, January 4th. The COVID policies and procedures that were established in accordance with the CDC and PA Department of Health are still in place to assure a safe environment for our members and staff.

Staff and members were eager to return to BTCC and our attendance numbers are certainly reflecting that. We have seen our highest attendance in one day since reopening in July and our fitness classes are continually growing in attendance as well. We have seen an increase in members re-activating memberships that were previously on hold as well as some new memberships and renewals.

In addition to fitness classes, we have many families who are taking advantage of private, on deck, swim lessons as we have not yet resumed group swim lessons at this time. The Community Center is also offering a preschool sports program on Saturday mornings, adult Tae Kwon Do and will resume our youth Tae Kwon Do this February. We hope to be able to add more to our program schedule as we progress through 2021.

We will continue to monitor the attendance and daily operations, making any necessary adjustments to our procedures and program/amenity offerings.

As always, I am readily available to answer any specific questions you may have regarding the facility, memberships or the programs/classes.

Community Center Director
Jackie Bittel
