

Community Center Director Report – July 14, 2020

The Community Center officially reopened on Tuesday, July 7th in a very limited capacity. Protocols and procedures were established in accordance with the CDC and PA Department of Health to assure a safe environment for our members and staff.

During the initial phase of reopening, many adjustments were made to the operations including:

- Cardio equipment has been moved to other areas of the facility to allow for 6 ft spacing between each machine.
- Weight room limited to 6 members per hour, with pre-registration required.
- Lap swimming limited to 6 members per hour, with pre-registration required.
- Indoor walking track limited to 10 members per hour, with pre-registration required.
- Restriction of the facility to members only – No daily pass admission.
- Plexiglass shields installed at the front desk with touchless check in.
- Hourly sanitization/cleaning by staff with proper logs.
- Reduced hours to ensure proper staffing.

The attendance during week one has been light, averaging approximately 90 visits during the weekdays and 30-50 visits on the weekend days. Many members have taken steps to continue to freeze their memberships until more areas of the facility become available, including fitness classes, gymnasium, sauna and hot tub.

We will continue to monitor the attendance and daily operations, making any necessary adjustments to our procedures. As always, I am readily available to answer any specific questions you may have regarding the facility, memberships or the programs/classes.

Community Center Director
Jackie Bittel
