

Community Center Director Report – March 10, 2020

The Bethlehem Township Community Center (BTCC) has continued to be a very busy facility during the last several weeks of “winter”. Although we had a lack of cold weather and snow this season, our Township residents have continued to utilize nearly every indoor activity area to capacity. The indoor jogging/walking track, exercise equipment areas, fitness rooms, and swimming pool facilities have been in constant use throughout the day and night at the BTCC.

Our final session of winter programs is midway through and participation is flourishing. Below are a few highlighted programs:

- Swim Lessons – 275 children enrolled in group lessons
- Private/Semi-Private Lessons – 82 children enrolled
- Preschool Programs – 84 children enrolled in various programs
- Specialty Fitness Classes – 68 adults enrolled in various classes

As the days become longer and the temperatures begin to rise, the Community Center turns to thoughts of spring and summer. The spring/summer 2020 program brochure is slated to be in Township mail boxes during the last week in March. The first spring session of classes and programs begins in full during the week of April 13th. There are also several special events to put on your calendars with regards to the BTCC:
