

Community Center Director Report – May 12, 2020

Due to the COVID-19 pandemic, the Bethlehem Township Community Center remains closed to the public. It is with great sadness we have announced the cancellation of our 2020 summer Playground Program and Camp Groundhog. At this time, the opening of the outdoor pool will be delayed until further notice. We will continue to update the opening date of the Community Center and programming based on the governor's recommendations for non-essential businesses.

These are uncertain times for all of us and we are continuously adapting to the new normal we are living in. We have been doing our best to stay connected with our community and our members through social media, providing alternative activities and online fun. The month of May we are celebrating the graduating seniors who are employed with Bethlehem Township Community Center. We have been honoring one a day through our Facebook page.

There is a great deal of uncertainty right now and we are already discussing alternative strategies/policies that would need to be implemented when the Community Center is able to re-open to the public. We continue to educate ourselves with the guidelines issued by the CDC and Department of Health. We are also working closely with other municipalities locally and across the state to maintain communication and information on how everyone is implementing these new guidelines.

I am readily available to answer any specific questions you may have regarding the facility, memberships or the programs/classes.

Community Center Director
Jackie Bittel
