

## **Community Center Director Report – September 15, 2020**

With the cancellation of summer camp/playground and the closure of the outdoor pool, the Community Center certainly had nothing close to an ordinary summer. As we approach the fall season, the center continues to remain open to our members, but in a limited capacity and with reduced hours to ensure adequate staffing. Protocols and procedures were established in accordance with the CDC and PA Department of Health to assure a safe environment for our members and staff.

The attendance within the facility continues to grow as the members become more familiar with the new protocols and comfortable in the environment. We have seen an increase in members re-activating memberships that were previously on hold as well as some new memberships and renewals.

The Community Center began offering a reduced schedule of outdoor fitness classes for our members in late July. These classes have been very well received and members/instructors were pleased to return in a safe environment. Additional classes have been added to meet the increased demand of the new and returning members. Some of these outdoor fitness classes include Zumba, cardio training, bootcamp, step, toning and cycling. In addition to these classes, we are also offering virtual programming, including yoga, tai chi and tae kwon do.

We will continue to monitor the attendance and daily operations, making any necessary adjustments to our procedures and program/amenity offerings. Within the next few weeks, we hope to offer the whirlpool, gymnasium and water exercise classes to our schedule!

As always, I am readily available to answer any specific questions you may have regarding the facility, memberships or the programs/classes.

Community Center Director  
Jackie Bittel
