Our crews continued normal summer work including grass cutting, street sweeping and cutting roadsides with the brush hog. We also had a crew spend a few days cutting back vegetation along the tow path. We continued to spray for grass and weeds along are fence lines at all of our detention ponds. We were also notified that the Township Zoning Department had 2 properties that were delinquent in maintaining grass and vegetation, violating the property code. Once we were authorized, our crews were sent out to cut and weed whack these properties.

There were several small sinkholes in the Oliver Court pond that were backfilled and seeded. We also took the time to cut up some of the large trees that had come down at Housenick Park last winter.

When the decision was made that the BTAA may be starting up some sports activities we quickly made arrangements to get the football goal posts installed. We also started to groom the softball fields in the event that they wanted to use those as well.

The Yard Waste Recycle Center recorded 910 visits for the month.

Respectfully submitted,

Richard W. Grube
